### Read label completely before opening and using

#### HAZARD CLASSIFICATIONS

Eye irritation Category 2, Reproductive toxicity Category 2, Hazardous to the aquatic environment (acute) Category 1, Hazardous to the aquatic environment (chronic) Category 1, Hazardous to terrestrial invertebrates.

#### TOXICITY

**WARNING** Causes serious eye irritation. Suspected of damaging fertility or the unborn child.

#### ECOTOXICITY

Very toxic to aquatic life and with long lasting effects. Harmful to terrestrial invertebrates. Do not apply directly into or onto water. Take all reasonable steps to ensure that the substance does not cause any significant adverse effects to the environment beyond the application area. Do not apply **Turbostar 250** if -bees are foraging, or -the plants in flower or part flower, and are likely to be visited by non-target invertebrate pollinators (including bees).

**QUALIFIED HANDLER** This product must be under the control of an appropriately trained handler during mixing, loading and use.

**RECORD KEEPING** Records of use must be kept when 3 kg or more is applied within 24 hours in a place where **Turbostar 250** is likely to enter air or water and leave the application area.

#### PRECAUTIONS

Read label before use. Obtain special instructions before use. Do not handle until all safety precautions have been read and understood.

**PERSONAL PROTECTION** Avoid contact with the skin and eyes. When handling, wear full protective clothing such as impervious gloves, respirator, waterproof hat, coat and trousers (worn outside rubber boots).

Do not eat, drink or smoke while using this product. Remove protective clothing and wash hands and face thoroughly before rest breaks, meals and after work. Clean protective clothing and equipment before re-use.

**STORAGE** Store in original container tightly closed and in a locked dry, cool, well-ventilated area, away from foodstuffs and animal feed. Storage must be in accordance with the current version of the New Zealand Standard for the Management of Agrochemicals (NZS8409). Stores containing more than 100 kg of **Turbostar 250** require signage, secondary containment and an emergency response plan.

**SPILLS** When dealing with spills wear personal protective clothing and equipment as described in the PERSONAL PROTECTION section. Collect spill. Contain the spill by damming, recover spill product by absorbing with sawdust or an inert absorbent material then transfer the recovered spill material to a properly labelled drum. Deal with all spillages immediately. If contamination of drains, streams, watercourses, etc. is unavoidable, warn the local water authority.

**DISPOSAL** Avoid contamination of any water supply with product or empty container.

**Product Disposal** Dispose of this product only by using according to the label or at an approved landfill.

**Container Disposal** Triple rinse container and add residue to mixture. Take to an agricultural recycling collection site or crush and bury in land fill. Do not use container for storing other products.

#### FIRST AID

If exposed or concerned, get medical advice. For advice, contact the National Poisons Centre 0800 POISON (0800 764 766) or a doctor. Have product label or container at hand. If swallowed, do NOT induce vomiting. Rinse mouth. Get medical advice. If skin contact occurs, remove contaminated clothing and flush

skin with running water. If in eyes, wash out immediately with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Get medical attention if irritation persists. If inhaled, move the victim to fresh air immediately and keep at rest in position comfortable for breathing.

#### SAFETY DATA SHEET

Additional information is provided in the safety data sheet available from the supplier, [www.agstar.co.nz](http://www.agstar.co.nz).

**In a transport emergency call 111, Police or Fire Brigade**  
**RESISTANCE MANAGEMENT**

GROUP 3 FUNGICIDE

**Turbostar 250** contains tebuconazole from the demethylation Inhibitor (DMI) mode of action (Group 3). Resistance to this fungicide and related DMI products could develop in some disease situations from repeated use. To minimize this risk, use strictly in accordance with label instructions. Refer to the NZPPS website (<http://resistance.nzpps.org/>) for any additional information.

**It is an offence for users of this product to cause residues exceeding the relevant MRL in the Food Notice: Maximum Residue Levels for Agricultural Compounds.**

#### WITHHOLDING PERIOD

Summerfruit: 1 day

#### CONDITIONS OF SALE

**READ THESE CONDITIONS OF SUPPLY BEFORE BUYING AND USING. IF THESE CONDITIONS ARE UNACCEPTABLE, RETURN AT ONCE UNOPENED.**

This formulation is warranted to contain the specified active ingredient within accepted analytical tolerance when packed. The user bears the risk for damage resulting from factors beyond the manufacturer or registrants control. The manufacturer and registrant decline all liability for damage resulting from improper storage or use of the product.
