READ LABEL BEFORE USE

HAZARD CLASSIFICATIONS

Acute toxicity (oral) Category 4, Eye irritation Category 2, Reproductive toxicity Category 2, Specific target organ toxicity (repeated) Category 2, Hazard to soil organisms, Hazardous to terrestrial vertebrates, Hazardous to the aquatic environment (acute) Category 1, Hazardous to the aquatic environment (chronic) Category 1.

TOXICITY

Harmful if swallowed. Suspected of damaging fertility or the unborn child. May cause organ damage from repeated or prolonged exposure.

ECOTOXICITY

Very toxic to aquatic organisms and with long-lasting effects. Very toxic to soil flora. Harmful to terrestrial vertebrates.

Do not apply into or onto water. Take all reasonable steps to ensure that the substance does not cause any significant adverse effects to the environment beyond the application area.

QUALIFIED HANDLER This product must be under the control of a qualified handler when being mixed, loaded or applied.

RECORD KEEPING A written record of use of each application must be kept when 3 kg or more is applied within 24 hours, in places where the product is likely to enter air or water and leave the application area.

HANDLING PRECAUTIONS

PERSONAL PROTECTION Avoid contact with eyes and skin. Avoid inhalation of spray mist. When mixing or applying this product, overalls, boots, gloves and eye protection should be worn. Do not eat, drink or smoke while using. Remove protective clothing and wash hands and face thoroughly before meals and after work. Clean protective clothing and equipment before re-use.

SPRAYING EQUIPMENT Apply only with well maintained and calibrated equipment.

STORAGE Store securely in original container, tightly closed and away from foodstuffs. Store in a cool dry well-ventilated area, avoiding sunlight and temperatures below -5oC and above 35oC. Storage must be in accordance with the current version of NZS 8409 Management of Agrichemicals. Stores containing 100 litres of **Clean & Clear 375+25** are subject to signage, containment and require an emergency response plan.

When stored appropriately this product should show no significant degradation for two years from the date of manufacture. Contact your supplier for information about the use of product that is older than this.

SPILLAGE AND DISPOSAL Avoid contamination of any water supply with product or empty container. Collect spill. Exclude non-essential people from the area. Wear protective clothing and prevent chemical from entering waterways. Absorb spill with inert material such as soil, sand, etc and place in a waste container. Wash area with water, and absorb with further inert material. Dispose of safely to an approved landfill.

Product Disposal- Dispose of this product only by using according to the label directions or if this is not possible alternatively contact your supplier for advice.

Container Disposal- Triple rinse container and add rinsate to the spray tank. Dispose at an agricultural recycling facility or to an approved landfill. Do not burn. Do not use container for any other purpose.

FIRST AID For advice call the National Poisons Centre 0800 POISON (0800 764 766) (24 hours) or a doctor. If exposed or concerned, get medical advice. Have product label or container at hand.

If swallowed do NOT induce vomiting. Rinse mouth. Get medical advice if you feel unwell.

If skin or hair contact occurs, remove contaminated clothing and wash with soap and running water.

If irritation persists, get medical advice. If in eyes, rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists, get medical advice. If inhaled, immediately move to fresh air and rest. Begin artificial respiration if the victim is not breathing. Use mouth to nose rather than mouth to mouth.

SAFETY DATA SHEET Additional information is provided in the Safety Data Sheet.
EMERGENCY RESPONSE In a transport emergency call 111, Police or Fire Brigade.

RESISTANCE MANAGEMENT

GROUP	4	HERBICIDE
-------	---	-----------

Clean & Clear 375+25 contains the GROUP 4 herbicides, MCPA and MCPB, and continuous use of herbicides in this group may lead to build-up of weeds resistant to it. To prevent or delay resistance, alternate with a herbicide from another group if possible and adhere to label instructions. For further information see www.resistance.nzpps.org

CONDITIONS OF SUPPLY

READ THESE CONDITIONS OF SUPPLY BEFORE BUYING AND USING. IF THESE CONDITIONS ARE UNACCEPTABLE, RETURN AT ONCE UNOPENED.

This formulation is warranted to contain the specified active ingredient within accepted analytical tolerance when packed. The user bears the risk for damage resulting from factors beyond the manufacturer or registrants' control. The manufacturer and registrant decline all liability for damage resulting from improper storage or use of the product.

Registered pursuant to the ACVM Act 1997, No. P10213

See www.foodsafety.govt.nz for registration conditions.

Approved pursuant to the HSNO Act 1996, Approval Code HSR000726.

See www.epa.govt.nz for approval controls.
