READ THE LABEL COMPLETELY BEFORE MIXING OR APPLYING

HAZARD CLASSIFICATION

Eye irritation Category 2, Hazardous to soil organisms, Hazardous to terrestrial vertebrates
Hazardous to the aquatic environment chronic Category 3

This product must not be used for any purpose, or in any manner, contrary to this label unless authorised under appropriate legislation.

TOXICITY

WARNING Causes serious eye irritation.

ECOTOXICITY

Harmful in the aquatic environment with long-lasting effects. SELECTIVE HERBICIDE – very toxic to some plant species. Harmful to terrestrial vertebrates. Do not apply onto or into water. Take all reasonable steps to ensure that the substance does not cause any significant adverse effects to the environment beyond the application area. Do not allow spray drift over aquatic environments. Do NOT use AgStar Pride 150 + 225 on the bottoms of drains, ditches or irrigation channels. Treated vegetation shall not be disposed of at any green waste recycling centre.

QUALIFIED HANDLER This product must be under the control of a suitably qualified handler when mixed, loaded or applied.

RECORD KEEPING If 3 kg or more of AgStar Pride 150 + 225 is applied within 24 hours, in a place where the product is likely to enter air or water and leave the application area, a written record of each application is required.

HANDLING PRECAUTIONS

Avoid contact with skin or eyes and inhalation of spray mist. When handling wear eye protection, waterproof gloves, boots and overalls. Do not eat, drink or smoke while using. Remove protective clothing and wash hands and face thoroughly before meals and after work. Wash contaminated clothing and protective equipment before re-use.

STORAGE

Keep out of reach of children. Store in original container tightly closed and in a locked, dry, cool area away from foodstuffs, seeds, and fertilizers. Storage must be in accordance with the current version of NZS 8409 Management of Agrichemicals. Stores containing more than 1000 L of AgStar Pride 150 + 225 requires signage and secondary containment, and an emergency response plan.

EQUIPMENT

Apply using well maintained and accurately calibrated spray equipment. Clean equipment thoroughly after use.

SPILLAGE

Contain spillage. Wear appropriate protective clothing and prevent material from entering waterways. Absorb spill with inert material and place in waste containers. Wash area with water and absorb with further inert material. Dispose of waste safely in an approved landfill.

DISPOSAL

DO NOT contaminate any watercourse with chemical or empty container.

Product disposal Dispose of product only by using according to the label, or at an appropriate landfill. DO NOT dispose of this product, spray mix or equipment cleaning water down drains or sewers. Do NOT burn.

Container disposal Triple rinse empty container and add rinsate to spray tank. Recycle empty container. Otherwise crush and bury in a suitable landfill.

TRANSPORT

Do not carry more than 1L on a passenger service vehicle. Quantities of 1L or less carried on a

passenger service vehicle must be contained within sealed packaging.

FIRST AID

If medical advice is needed, have product container or label at hand. For advice contact the National Poisons Centre 0800 POISON (0800 764 766) or a doctor immediately. If swallowed, do NOT induce vomiting. Rinse mouth. Get medical advice. If inhaled, remove to fresh air and keep at rest in a position comfortable for breathing. Get medical advice if you feel unwell. If on skin, wash with plenty of soap and water. If in eyes, rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Get medical advice if eye irritation persists.

RESISTANT WEEDS WARNING

GROUP	4	HERBICIDE
-------	---	-----------

AgStar Pride 150 + 225 contains chemicals from the pyridine carboxylic-acid group of herbicides (Group) which have an auxin mimic mode of action. Some naturally occurring individual weeds may become resistant when excessive use of the same herbicide occurs. To maximize the effectiveness of herbicides, products containing alternate modes of action should be used in the spray program. Consult <http://resistance.nzpps.org/index.php> for alternative modes of action and details of resistance management strategies (if any).

CONDITIONS OF SALE

READ THESE CONDITIONS OF SUPPLY BEFORE BUYING AND USING. IF THESE CONDITIONS ARE UNACCEPTABLE, RETURN AT ONCE UNOPENED.

This formulation is warranted to contain the specified active ingredient within accepted analytical tolerance when packed. The user bears the risk for damage resulting from factors beyond the manufacturer or registrants control. The manufacturer and registrant decline all liability for damage resulting from improper storage or use of the product.

Registered pursuant to the ACVM Act 1997, No. P10318

See www.foodsafety.govt.nz for registration conditions.

Approved pursuant to the HSNO Act 1996, Approval Code HSR000762.

See www.epa.govt.nz for approval controls.
