## Long Term Weedinator

**ACTIVE INGREDIENT**  
350g/L terbuthylazine, 60g/L amitrole, 15 g/L  
oxyfluorfen and 100g/L glyphosate  
as a suspension concentrate

**HERBICIDE**

Fast acting knockdown & residual herbicide  
for total vegetation control in non-cropland and waste areas.

**250ml**  
Net contents

### READ LABEL BEFORE USING

#### Hazard Statements

Causes serious eye irritation;  
Suspected of damaging fertility or the unborn child;  
May cause damage to organs through prolonged or repeated exposure;  
Very toxic to aquatic life and with long-lasting effects;  
Very toxic to soil environment;  
Harmful to terrestrial vertebrates.

**PERSONAL PROTECTION:** Do not handle until all safety have been read and understood. Avoid contact with skin or eyes. Do not breathe spray mist. Wear protective clothing, gloves, eye protection, and an appropriate mask when mixing or applying. Do not eat drink or smoke. Wash hands and clean protective clothing after use.

#### WARNINGS

- Do NOT apply on or around food and animal feed crops.
- Leave sprayed areas for 12 months before replanting.
- Non-Selective Herbicide: Beware apply this product carefully as spray drift can cause serious damage to other desirable plants.
- Care must be taken around non-absorbent surfaces such as cobblestones, driveways and concrete paths so that runoff does not reach the roots of desirable plants.
- Avoid contamination of any water source with product or empty container.

**HOW IT WORKS:** Long Term Weedinator is a fast acting knockdown and residual herbicide for total vegetation control in non-cropland areas. Long Term Weedinator will control nearly all annual and perennial weeds and can provide up to 12 months residual activity.

**MIXING INSTRUCTIONS:** Shake container well before use. Add about half of the water to the spray tank, then add the required amount of product. Mix then add the remaining water. Maintain agitation throughout spraying. Apply in spring or autumn when all weeds are actively growing and while soil is moist. Do not apply under drought conditions. Ensure complete coverage of weeds and bare ground for residual control.

USE	RATE	APPLICATION RATE, TIMING
Non-cropland, e.g. fencelines, paths, driveways, yards	25mL in 1 Litre water	1 Litre spray mix should treat 10 m <sup>2</sup> . <b>DO NOT exceed this rate.</b> <b>DO NOT apply more than twice per year.</b>

**Equipment Cleaning:** It is best practice to use separate equipment for applying herbicides. To avoid injury to subsequently sprayed sensitive crop, thoroughly remove all traces of the product from mixing and spray equipment using several flushes of clean water. Dispose of all washings safely.

**PERSONAL PROTECTION:** Do not handle until all safety have been read and understood. Avoid contact with skin or eyes. Do not breathe spray mist. Wear protective clothing, gloves, eye protection, and an appropriate mask when mixing or applying. Do not eat drink or smoke. Wash hands and clean protective clothing after use.

**FIRST AID:** If exposed or concerned call a doctor or contact the National Poisons Centre (0800 764 766). If medical advice is needed Have product label or container at hand.

**IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing. If eye irritation persists, get medical advice.

**IF SWALLOWED,** DO NOT induce vomiting. Obtain medical advice if you feel unwell.

**SAFETY DATA SHEET:** Available at [www.agstar.co.nz](http://www.agstar.co.nz)

**STORAGE:** Keep out of reach of children. Store in tightly closed original container, locked up in a cool, dry location away from foodstuffs. Shelf life: 2 years from date of manufacture.

**DISPOSAL:** Dispose of product by using as per label directions or at an approved landfill. Triple rinse empty container adding washings to spray mix. Dispose of the empty rinsed container in the rubbish collection. Do not reuse the container for any other purpose.

**SPILLAGE:** Collect spillage. Absorb spill with soil or sand and transfer to a labelled sealable container for disposal at an approved landfill.

HSNO Approval Code HSR007866. See [www.epa.govt.nz](http://www.epa.govt.nz) for approval controls.
